EDUCATION

Digital Engineer Degree at ISEN Méditerranée

Expected 2026

Major: Computer Science & Data • Coursework: ML&DL, Statistics, Algorithms

Exchange Semester

2023

Universiti Putra Malaysia, Faculty of Biotechnology

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER APPRENTICE

Oct 2025 – Present

Capgemini

- **RAG Chatbot (Augmented Search):** Built a Retrieval-Augmented Generation chatbot using LangChain and Python, enabling semantic search over internal documents via a vector database.
- **Web Scraping POC:** Designed a maritime data scraping pipeline with Python, Playwright and Streamlit, storing results in PostgreSQL.
- **Text2SQL:** Contributed to a Text-to-SQL engine through Java code review and knowledge-base documentation.

DATA ANALYST & DEVELOPER INTERN

June to September 2025

Cilcare

- Analysed large clinical datasets; developed software tools that improved data accuracy by 15%.
- Collaborated with researchers to interpret statistical results and automate reporting processes.
- Developed REST APIs with Django backend and integrated React frontend for clinical data visualization.
- Implemented data preprocessing pipelines and statistical models for biomedical research.

ACADEMIC PROJECTS

Technical Projects

- Developed a digital health platform for CH Toulon to enhance patient education and prevention awareness for chronic kidney disease. (ISEN x CH Toulon)
- Engineered an automated misting system using rainwater harvesting to optimize resource efficiency for urban cooling (ISEN x Veolia).

KEY COMPETENCIES

Programming: Python, SQL, JavaScript (Node.js, React), Java, Django, Kotlin

Data Analysis: NumPy, Pandas, Statistical Modeling

Cloud & Tools: Google Cloud, PostgreSQL, Git, Agile/Scrum

AI & Agentic Systems: RAG, Agentic Workflows, LLM Orchestration (LangChain/CrewAI), API Design & Integration

LANGUAGES

French Native (Voltaire Cert.)

English Advanced (TOEIC Cert.)

Spanish Basic

EXTRACURRICULAR ACTIVITIES

Sports: Running, Marathon Training (Golfe de Saint-Tropez)

Reading

Travel

Leadership: Vice-President at Junior ISEN Méditerranée (2022-2023). Managed a team of students and oversaw strategic project delivery for B2B clients
